

One solution

“INTEGRAL SOLUTIONS FOR FOREIGN TRADE”

One solution

DICEX GROUP Founded in 1988 as a small Mexican owned company focused solely on servicing a handful of customers, DICEX has grown into one of the most important customs and logistics service companies by providing **innovative solutions** for international commerce. Our primary strategic goal is the ever continuing drive and flexibility needed to exceed the expectations that your supply chain requires spanning all five continents into and out of Mexico, Canada and the US. We are **committed to being the major service provider in this field.**

MISSION >> To offer specialized services in trade with advanced information technologies and constant development of our personnel that provides differentiated value through our customers' supply chain.

VISION >> To be a constant leader in the integration of processes within the international trade.

OUR PRINCIPLES >>> With a firm background in customs operations we have efficient processes for customs clearance which provide our customers the best solution for their shipping needs. Our quality is emanated in:

- Customer satisfaction.
- Low operation costs.
- Operation cycle times.
- Recovery times.
- Dependability of the service we provide.

ONE SOLUTION

OUR SERVICES

CUSTOMS BROKER - DICEX

- Mexican and US Customs Broker. Experience since 1988.
